

# RECYCLING CHARTER

Reducing the environmental impact of packaging is at the heart of the various regulations and public policies. Among the implementing decrees, 3 objectives are retained: Reduction, Reuse and Recycling, within the framework of the Circular Economy Anti-Waste law.

**CARE**  
**ABOUT**  
**eARTH**

## REDUCTION

Groupe GM is committed to reducing over-packaging and favors the use of recyclable and recycled materials.

Aware of avoiding plastic from limited resources, such as fossil fuels, Groupe GM offers Ecopump tubes, bottles and dispensers, mainly in **bagasse from sugar cane or recycled plastic**. Groupe GM also produces RSPO-certified soaps (“Roundtable on Sustainable Palm Oil”) which contribute to the production of certified sustainable palm oil.

## REUSE

Groupe GM offers several products in dispensers, Ecosource and Ecofill, with refill pouches with a capacity ranging from 300 to 400 ml composed of a maximum of 11 g of plastic.

### ECOSOURCE

**11g**  
**RECYCLABLE**  
**POUCH**

375 ml - 12.68 fl.oz

### ECOFILL

**8g**  
**RECYCLABLE**  
**POUCH**

300 ml - 10.14 fl.oz  
400 ml - 13.5 fl.oz

## RECYCLING AND COMPOSTING

We are constantly working to provide more responsible alternatives.

**Recycling** : when recycling channels have been implemented, plastic packaging is recycled. This is the case, for example, with bottles and dispensers made of PET, PE or PP.

**Composting:** biodegradable packaging can be composted in industrial. This is for example the case of some of our biodegradable bags or trays.

# OUR PACKAGINGS

Many of Groupe GM's packagings are recyclable.  
To simplify the recycling process, we advise you to dispose of the elements separately.

## RECYCLING

### OUR BOTTLES

**Plastics:**  
PE/PET/PETG/PP/PC  
**Recycled plastic:**  
RPET / RPP  
**Bio-sourced:**  
PE SUGARCANE  
**Aluminum**

### OUR TUBES

**Plastics:**  
PE  
**Bio-sourced:**  
PE SUGARCANE  
**Aluminum**

### OUR POUCHES

**Plastics:**  
PE / PA

### OUR PACKAGING

Grouping boxes  
Cardboard boxes  
Paper bags

### OUR WALL BRACKETS

Our ABS and Stainless steel supports

## ARE NOT RECYCLABLE

- Our pumps
- Our Single-dose sachets
- Our Metallic caps
- Our Accessories, such as our razors, our toothbrushes, etc.
- Our Plastic or plexi trays
- Our Wipes

## COMPOSTING

## OUR ACCESSORIES

Bags / Trays / Accessories made of biosourced materials on which «compostable» mention appears on the product.
